

NOW IT IS THE TURTLE DOVE

LATEST STRIKE AT MANHATTAN
IS ON LITIGATION
HILL.

The Turtle Dove claim on Litigation Hill is keeping up the good reputation that has been established in Manhattan during the past week. News was received yesterday afternoon of a strike on lease No. 2, which adjoins that of the Union No. 4. The strike was made at a depth of seventy feet, and is a continuation of the ledge of the Cram-LaLine and Rose-Nash leases.

WILLIAM CRUMLEY GETS SENTENCE

William Crumley, a laborer, was yesterday fined \$20 and costs for giving liquor to minors. He is the man who took beer to the home of Mrs. McGonigall, in her absence, and induced her two children to drink the stuff until they were well high intoxicated.

Judge Brissell read the culprit a serious lecture, and there were hints that he had ulterior motives in plying the little girls with beer. This was strenuously denied by the prisoner, and previous good character, and the fact that he was a laborer, led Judge Brissell to give him a light sentence.

PERSONAL MENTION

Mrs. William Donald has returned from a six weeks visit to Colorado Springs.

Miss Ethyl Murphy of Goldfield was visiting Miss Frances O'Meara yesterday.

B. D. Milan of Dallas, Texas, president of the Homestake King Consolidated and Bullfrog Mining Company of Rhyolite, is in the city.

Mrs. Ed. Kaufman returned from a visit to the coast yesterday, after an absence of several weeks, during which time she was in the principal cities of California, from San Francisco to California.

Benjamin Dill, no relation to Kolb and Dill, but wrapped up in canned meats, etc., is a visitor to the city, doing the best he can in the interest of Libby, McNeill and Libby, and at last accounts, Libby, McNeill and Libby had no cause for complaint.

Ray D. Clark, representing the American Biscuit Company, was a visitor in the city yesterday, and expressed himself as delighted with the outlook for business here. If it should be a hard winter, we will have plenty of biscuits at any rate; and if any other biscuit man comes on, he may as well not come, for Mr. town with biscuits.

Harry Hall, a prominent realty operator of New York, who has been making a tour of the country, and who has considerable interests in southern Nevada, arrived here yesterday. Mr. Hall is the treasurer of the Nevada Mining Company, and is a heavy stockholder in the Cotter Mines Company. In company with James W. McCulloch, Senator T. L. and C. M. Oddie, he will today visit the property of the Cotter Mines Co., which is located at Golden Arrow.

PROVOCATION ENOUGH.

A deaf old gentleman dined with a family where grace was always said. When the guests were seated the host bowed his head and began to repeat the accustomed verse in a subdued reverent tone.

"Eh? What's this?" demanded the deaf old gentleman, who sat beside him.

The host smiled patiently and began again, in a louder, more deprecatory voice.

"Speak a little louder. I don't catch what you say," the old gentleman persisted.

A low ripple of laughter went round the table. The host, his face crimson with embarrassment, raised his voice and repeated the verse. The deaf old gentleman did his best to hear, but failed. He placed his hand upon his host's arm.

"What did you say?" he demanded frantically.

The host cast him an angry glance. "D—n it, I'm saying grace," he snapped.—Harper's Weekly.

Mothers with little children need no longer fear croup, colds or whooping cough. Bees Laxative Cough Syrup tastes good. It works off the cold through the bowels, clears the head. Guaranteed. Sold by Tonopah Drug Co.

The snake-nut tree is a native of British Guiana. The kernel of the nut bears a marvelous resemblance to a coiled snake.

STRIKE ASTONISHED THE MINING WORLD

DISTRICT ATTORNEY OF MONO
TELLS OF THE MASONIC
DISTRICT.

Pat R. Parker, district attorney of Mono county, California, and brother-in-law to Wesley Stewart, the postmaster, is a guest of the latter. Mr. Parker was named for Pat Reddy at the baptismal font, and he is proud of the name of Pat. And well he might, for there was no truer friend, or truer foe, more bright, witty, clever, impressive or aggressive lawyer than Pat Reddy ever stood before the bar.

Mr. Parker came recently from Masonic, where the strike in the Pittsburgh Liberty astonished the mining world some months ago. Wingfield and Nixon had an option on this property at \$1.25 a share for sixty days, and \$43,000 had been paid down upon it, according to Mr. Parker.

"Wingfield's expert, Cutler," said Mr. Parker, "worked the property for the sixty days, and just before the option expired, advised Wingfield that there were \$200,000 in ore blocked out. Wingfield wanted an extension for sixty days at eighty-five cents a share, agreeing to pay \$1000 down and \$11,000 at the expiration of the option. His offer was turned down and the company got busy and shipped 33,297 pounds of rock, the returns from which from Selby's, clear of all expense, was \$17,000, or more than \$1000 a ton.

"The Pittsburgh Liberty company will work the mine themselves, and will work it for all it is worth. They have a ten-stamp mill completed and ready for operation, and have just let the contract for hauling, the distance from the mine to the mill being a little more than a mile. Caleb Dorsey of Kentucky is the principal owner in the company, and John Bryan and John Phillips, old Cripple Creek miners, the locators, are also big owners.

"Cutler, Wingfield's man, has an option on the Red Rock, which is near the Liberty, and has gone to Goldfield to consult with Mr. Wingfield in regard to it. The Pittsburgh Extension, in which Senator Oddie has some interest, has a tunnel in 172 feet, from which we have got \$6 in gold down to \$1 a ton. From the top we have got as high as \$60 in gold and \$392 in silver. Higher up on the mountain we have run a tunnel ninety feet and have taken out fifty tons of milling rock. There are three claims on this property.

"There are about eight corporations in Masonic, and each has done some development work on its property. The Jump Up Joe claim, which is owned by Senator Smoot of Utah, has gold sticking to the branches of the trees on it. This sounds like romance, but it is a fact. The dyke had grown through it, and the gold rock has adhered to the branches.

"The Myrtle and Julia Company owns three claims adjoining the Pittsburgh Extension, have seven men at work, and is now in ore which goes \$9 a ton. They have also some exceptionally high grade ore in small seams. There are in Masonic three hotels, two saloons and a postoffice, and about seventy men, all of whom are employed."

LOOK AROUND YOUR OFFICE

For ledgers, daybooks, in fact for anything that may be lacking in your office, go to the Bonanza bindery. We have samples of the style of work which is turned out, but for the matter of that one does not have to visit the bindery. There are samples of our work in nearly all the offices in the city.

Our work stands as the best recommendation of the character of the stuff that we turn out. We can do anything in our line that can be done in any of the big cities, can do it as well, and give better service in the matter of prompt delivery than any other institution of the kind in the State.

Give us a trial. We will do the rest.

NOTICE.

There will be a meeting of the State Board of Medical Examiners at Carson City, Nevada, on November 4th, 1907. S. L. LEE, Secretary.

BASEBALL SCORES.

SAN FRANCISCO, Oct. 19.—The following are the scores for today's games: Los Angeles 6, Oakland 5; Portland 8, San Francisco 4.

EASTERN PHYSICIAN LOOKS OVER MINES

IS EXTENSIVELY INTERESTED IN
SOUTHERN NEVADA PROP-
ERTIES.

Dr. F. C. Huth, physician and surgeon of Wheeling, Ohio, and proprietor of the Woodfield hospital of that place, was an arrival in Tonopah late Friday night, and left for Goldfield yesterday afternoon. Dr. Huth is interested in mining in this country to a considerable extent, and this is not his first visit to southern Nevada. He is part of the directorate of the Wheeling Gold Mining company in Goldfield, and is heavily interested in the Wheeling Gold Range company, which has its property in the Gold Range corner belt, about five miles from Sodaville. He has also not a few interests in Manhattan.

"I am going to Goldfield," said Dr. Huth, yesterday, "to see about starting up work on the Wheeling Gold Mining company, we having been closed down for some time. The property is located out near the Rochester, about five miles outside of Goldfield, and adjoins the Edwanna, where recently, they found quite a body of ore. We think that we have something there; at any rate we are willing to spend our money to find out.

"We are working on our property in Gold Range right along, and expect to cut the ledge very soon. The company, like that of the Goldfield property, is an Eastern concern as far as the stockholders are concerned, and the men of Wheeling are very well satisfied with their investments.

"I am very glad to see the movement regarding Manhattan, for there is no doubt that they have a good camp out there and only need the money to develop the properties. The recent developments which have been made by the leasers are very encouraging, and the near approach of the completion of the mills, means a new life for the camp. Tonopah looks better to me every time I come here. It has a fine appearance, with its fine buildings and its producing mines. There is no doubt of the future of this town, and of its present solidity."

FRICK BUYS IN GOLDFIELD CON.

GOLDFIELD, Oct. 19.—The startling report reached Goldfield yesterday afternoon that H. L. Frick, the big steel magnate, has lately been a heavy buyer of Goldfield Consolidated shares.

The rumor credits him with having picked up fully 50,000 shares of the stock, chiefly in the New York market.

The average price paid for the stock by Frick is said to have been \$5 per share.

If this rumor is true, it will explain why Goldfield Con. has lately been so well sustained in the New York curb market.

Should Frick have become so heavily interested it will have an important influence upon the future of the great mining property and the market.

JEALOUS WIFE HANGS HERSELF

SEATTLE, Oct. 19.—Jealous of her husband's supposed attention to other women, Mrs. Elizabeth Elinor Cheeks hanged herself in a bedroom closet in the fashionable Manhattan apartments yesterday morning. She was found by her husband, who cut the body down and made every effort to bring her back to life. The body was still warm and it is believed that the woman had been suspended for only a short time.

Mrs. Cheeks was very well known in this city, and her death came as a shock to even her most intimate friends. She was 27 years of age.

METEOROLOGICAL REPORT.

The following is the meteorological report for the week ending October 18, 1907:

Highest barometer, Oct. 17..	30.12
Lowest barometer, Oct. 12..	29.89
Highest temperature, Oct. 12	67
Lowest temperature, Oct. 13	43
Mean temperature	55
Average dew point	36
Average humidity	55
Clear days	3
Part cloudy days	3
Cloudy days	1
Days with rain	2
Precipitation for week28 in.

J. C. PIERCY,
Official in Charge.

PROMINENT MEN VISIT TONOPAH

IDENTIFIED WITH THE EARLY
HISTORY OF THIS
CAMP.

Two well known characters of Nevada, old timers of the State, one of whom is closely identified with the early history of Tonopah, are visitors in the city at present. They are "Yankee" Tom Dixon and Martin Mahoney, and both hail from Eureka, where there is, perhaps, the greatest lead mine in the world. Mr. Mahoney is proprietor of the Brown hotel in Eureka, and has been there since 1870. He has seen the old town in the heyday of its boom days, has seen her in the days of her decline, and is now standing by, watching and helping the town in its new growth. He was also a hotel keeper in Shermantown, now known as White Pine, when there was nothing else heard of in the West but White Pine.

Mr. Dixon is a stockman, mining man and capitalist, and was the first locator of the Belmont. He could make nothing out of the mine at that time, six years ago, and left Tonopah when the Mizpah mine was down only twenty-five feet. He is known throughout the State as "Yankee" Tom Dixon, and is a great practical joker and a humorist. Many a good story has he told to Mark Twain, which that celebrated author, bohemian, humorist and traveler from the Sagebrush State has turned to account. Mr. Dixon has to acknowledge that in leaving the Belmont, the joke was on him.

"But we have the greatest country in the world in and about Eureka," said he last night; "and for one thing we have the memories of some of the greatest things ever known in the mining world. The Richmond Eureka is shipping two hundred tons of ore a day, ore that will average \$15 a ton, and that mine can ship 200 tons a day for fifteen years to come. smelters and can't get too much of it.

"Eureka once controlled the lead market of the world. Ruby Hill has produced over \$100,000,000, and at one time there were 23 acres of solid ore in one chamber. Today Eureka is a good, lively camp, and there are few if any men out of employment. There is something doing there now, all the time. Bert Smith, the banker, was out there a few days ago; in fact, he is often out there, having some interests in the neighborhood.

"You know Bert is a camera fiend. Didn't you know that? Well, the last time that he was out there, which is only a short time ago, he was taking a picture of the mine at the shaft, and Bert said that it was a bully picture. 'There's life in it,' he said, and I suppose there was, for at the time there was an old mule ambling along that way and stopped to take a drink. Well, Bert left the camera behind him, and we thought that we would have the plates developed and forward him the proofs. This picture from life was a corker. All that was to be seen was the back of that mule, and just spots of the mine. The mule had evidently been troubled by a fly about the time that Bert snapped him. Well, we labeled the picture 'Here's looking at you, Bert,' and sent the whole thing along. Didn't Bert ever show you that picture? Ask him to let you see it."

It is a well known fact that persons living in the Pine forests do not suffer from kidney diseases. One dose of Pineules at night usually relieves backache. 30 days' treatment \$1.00. Your money refunded if not satisfied. Sold by Tonopah Drug Co.

THE MICKYDOO.

A comic opera bluff in one short. Written by Gilbert & Sullivan and U. S. Wigs by Hepner. Peasants and villagers in autos, millionaires on foot. Staged under the personal direction of Major Atkinson. Chorus exits R. A. after singing, "I Love Her Since She Bleached Her Hair to Gold."

"Neath a tree by the river there sat a maid fair,
Who was sneezing, O sneezing, O sneezing,
Her nose was bright red and she seemed in despair—
She was wheezing, O wheezing, O wheezing.

Said I to her: "Lady your eyes are bloodshot—
Are you weeping? And say, are you sick of your lot?"
With a sob she replied: "It's hay fever I've got,
Which accounts for my wheezing and sneezing."

—Milwaukee Sentinel.

Journals, cash books and ledgers—just the thing the merchant needs—best that can be made. For sale at the Bonanza office.

TONOPAH AND TIDEWATER NEXT

PASSENGERS WILL HAVE RE-
DUCE D RATES AND SHORT
TIME.

P. M. Jenifer, general agent of the Tonopah and Tidewater, or Borax Smith road, was in the city yesterday looking over the ground. Mr. Jenifer is located in Goldfield. He stated that within ten days he and Mr. Alberger, traffic agent for the road, would take a trip over the line from Los Angeles, and then determine when the through service between here and the City of Angels would be put into operation. The Smith road is now running from Gold Center to Beatty over the Brock rails, having a traffic arrangement with the local line.

Two trains a day will be run over the two lines, and the passenger rates have been already reduced.

DUGAN IN DEMAND.

NEW YORK, Sept. 27.—Jockey Eddie Dugan is very much in demand these days. He is under contract to C. E. Durnell, with second call to R. T. Wilson Jr. Durnell may sell the contract. James B. Brady and Matt Allen want the crack lightweight. Brady was a liberal purchaser of yearlings at the recent sales and, as he has quite an establishment of older horses he realizes that he will need a good rider next year. Harry Payne Whitney will, it is said on good authority, make an effort to secure first call on Dugan when he returns from abroad. The Whitney stable has been seriously handicapped this season because it had not had a first class rider. John W. Rogers likes Dugan's work and uses him for his horses whenever he can get him.

Journals, cash books and ledgers—just the thing the merchant needs—best that can be made. For sale at the Bonanza office.

Certificates of location at this office.

MISCELLANEOUS

FOR RENT—Furnished house; University Heights. R. Bonanza office. 10-20-1t

\$700 WILL BUY a half interest in good paying business; saloon, short order, sandwiches and coffee for train trade; is a sure winner. For particulars address Bonanza. 10-17-6t
